Free or Reduced Lunch Price Information

This information is provided as a guideline for federal free or reduced-price lunch for the 2021-2022 school year. “Yearly Income” is the amount earned by all household members during a year before taxes and other deductions, and includes all income sources.

Household Size	Free Meals					Reduced Price Meals				
	Annual	Monthly	Twice per Month	Every Two Weeks	Weekly	Annual	Monthly	Twice per Month	Every Two Weeks	Weekly
1	16,744	1,396	698	644	322	23,828	1,986	993	917	459
2	22,646	1,888	944	871	436	32,227	2,686	1,343	1,240	620

For each additional family member add:	5,902	492	246	227	114	8,399	700	350	324	162

If households report multiple frequencies of pay, total income must be calculated on an annual basis. Use the following conversions:
 Annual Income Conversion: Weekly X 52; Every 2 Weeks X 26; Twice a Month X 24; Monthly X 12

If a household’s annual gross income is less than the amount which corresponds to the number of persons in the household, the applicant qualifies for free or reduced-price lunch. If a household’s annual gross income is more than the amount which corresponds to the number of persons in the household, the applicant does not qualify for free or reduced-price lunch. For example, if there are five people in the household, and the household has Annual Gross Income of more than \$57,424, the applicant does not qualify for free or reduced-price lunch. ****Please note that this information is used only for Kindergarten 101 enrollment and is not an application for free or reduced-price lunches for the 2023-2024 school year. Separate forms and processes will be used for these programs.**
