Dress Code Reminder

The Middle School dress code has been one of common sense, parental approval, and personal pride. Like behavior, an individual's dress should reflect sensitivity and respect for themselves and others. The following directions governing dress and personal grooming seek to encourage the student to take pride in his/her appearance, and to aid the student in developing the habit of good taste in personal appearance.

The following clothing or types of dress are **PROHIBITED**:

1. **Dress which causes or has the potential to cause either a substantial disruption or material interference with the educational process.**
2. **Clothing which is too short, too tight, too revealing, or is inappropriate for school.**
3. Dress which contains vulgar or offensive words or symbols or is sexually explicit, indecent, or lewd. Dress which reflects lack of sensitivity or respect for others is unacceptable.
4. Dress which promotes, advocates, or advances the use of alcohol, tobacco, or illegal drugs, including clothing which displays the logo or trademark of any brand(s) of alcohol, tobacco, or illegal drugs.
5. Sagging pants are not appropriate for school. Pants should be worn so that undergarments are not higher than the pants. The length of shirt worn to cover up the undergarments is not relevant.
6. Any gang-related symbol worn, written, carried, displayed, or communicated will not be tolerated (i.e., hats, caps, coats, sagging pants, bandannas, pagers, and/or handkerchiefs). Hats and sunglasses may be worn to school, but will not be worn in the halls or in any classes.
7. Any items which would detract from the educational environment will not be acceptable.

Dress code violations will be addressed with students by counselors or Administrators. Parents will be notified of a dress code infraction and be asked to supply the appropriate clothing for the student immediately. If parents/ guardians cannot supply appropriate clothing, the student will be given clothing to wear that day from a friend or possibly from the lost and found. Continuous violations will result in disciplinary action

EGMS BOOSTER CLUB NOTES

Booster Club is a parent lead organization that works to support the school with both financial and volunteer resources throughout the year. Booster Club is a great way to support our school, be involved, and meet other parents. Booster Club at the middle school level is much less demanding than elementary PTO. We are starting to plan for the 2017-18 school year and there are several opportunities for you to get involved.

Grandview Booster Club has the following open committee chair spots for 2017/2018: **Secretary, BoxTops, and Fall Fundraiser**. If you are interested or would like more information, please email Kelli Mull at jmull10@cox.net.

We encourage all of our EGMS families to join us each month from 6:30-7:00pm in the EGMS Media Center to share your ideas and input. Meeting minutes are always posted on the Booster Club page of the EGMS website. Click here to see the minutes of our last meeting.

Science students will be finishing up the Fungi Kingdom. They will then be starting the study of weather during April.

Math 6 students will be taking the NeSA-Math and the MAP test during the months of April and May. Our next unit will be integers.

Pre-Concepts students will also be taking the NeSA-Math and the MAP test in April and May. Our next unit will be geometry.

In reading, students will be finishing a unit on Nonfiction and beginning a unit on Biography and Autobiography. The AR point goal for 4th quarter is due on Friday May 19th. Congratulations to EGMS students for winning the City AR Challenge for the second year in row during 3rd quarter!

The Social Studies class will focus on geography. We will then narrow the topic down to urban geography.

Language Arts students will be starting the month of April by working on the correct use of mechanics in sentences. After that, students will be creating an informative pamphlet. They will then wrap up the month with a poetry unit. The students will be responsible for creating and sharing their own poetry.

IMPORTANT: AS THE SCHOOL YEAR WINDS DOWN, WE WOULD LIKE TO HAVE ALL STUDENTS REPLENISH SOME OF THEIR SCHOOL SUPPLIES. MOST 6TH GRADERS ARE IN NEED OF LOOSE LEAF PAPER, NOTECARDS, AND PENCILS.

REMINDER TO 2017/2018 7th GRADE PARENTS: The State of Nebraska requires all incoming 7th graders to have a full physical (including a Tdap Booster before entering 7th grade. Physicals can be completed at any time between 2/15/17 and the first day of school. Please keep in mind that if your student wishes to participate in sports at EGMS their physical must be dated after 5/1/17.

7th Grade News

Mr. Bluhm, Mrs. Bodyfield, Mrs. Eikmeier, Mr. Feickert, Mrs. Hansen, Mrs. Harger, Ms. Jussel, Mrs. Kudrna, Mr. Kush, Mrs. Lorensen, Mrs. Pilkington, Mrs. Royal

In Science, 7th graders are working through the Motion and Forces unit. We have discussed what motion is and different ways we can describe the motion of an object. After Spring Break, we will be moving on to the Forces portion of the unit. In this part, we will discuss forces such as friction and gravity and the effect they have on the motion of an object.

In Math, students have been participating in "Boot Camp" to help prepare them for MAP and NeSA-M testing. During testing, students will be working on lessons primarily during class, so students will not have much homework. Once testing has been completed, we will return to normal lessons and homework.

In World History we are finishing up learning about Africa and Asia. We will be turning our attention next to World War I.

April is National Poetry Month, so Reading and Language Arts classes will be focusing on poetry for most of the month. In Reading class, we will be analyzing published poems from our textbook as well as outside sources, and discussing/finding poetic terms within the poems. Language Arts will do some poetry writing to coincide with our unit, and then students will complete a Poet-t-shirt project that combines lessons from both classes. Language Arts will then end the month with a Mechanics Common Assessment.

8th Grade News

Please let your children know the importance of these tests as they will help determine some of their high schools classes and activities. Attendance is crucial to the success of your student.

Progress Reports will be sent home with your students on April 26th. Please mark your calendars and ask your students for these.

In Language Arts, we will be analyzing poetry to begin April. Then we will be working towards our last District Common Assessment of the year over capitalization, punctuation, and usage.

Algebra and Pre-Algebra students will be participating in a multitude of review activities in preparation for the NeSA Math Test. Next, Pre-Al will continue their geometry unit and Algebra students will learn how to simplify radicals and perform operations with them as well.

In Science we have moved on to our chemistry unit. We will be conducting several experiments to explore states of matter, chemical and physical properties and chemical reactions. We will also be spending some time reviewing for the upcoming NeSA science test.

In American History we will be studying the late 1800s and early 1900s Progressive Era. Students will be drawing an original political cartoon demonstrating their knowledge of the era!

In Reading, students will be reading the Diary of Anne Frank the play and doing a mini unit over the Holocaust. Please make sure your student is reading for at least 30 minutes each night in order to achieve his or her AR goal!

Private Lessons – At Elkhorn Grandview Middle School, we try to provide every student with as much time and individual attention as possible to make them the best musicians they can be. However, for those students that either desire more intense musical pursuits or need that extra attention to continue improving their skills, seeking a private instructor for your student is an excellent option. Besides guaranteed one-on-one instruction on a regular basis, usually weekly, private instructors are experts on their individual instruments and can bring that professional expertise to your student. While most private instructors teach out of a studio at a music store or their home, some will drive to your home to provide the lessons. There are many private teachers available with varying personalities, areas of emphasis, and years of experience so matching your student with the right teacher is very important. If you are interested in private instruction for your student, please do not hesitate to contact Mr. Johnson at any time.

TECH SAVVY PARENT TIPS

APRIL 2017

Elkhorn Public Schools Policy 507.13—Internet Safety Policy was written in compliance with the Children's Internet Protection Act. Tech Savvy Parent tips are intended to inform and educate parents of technology that may be available to their students. Tips may feature apps that are educational as well as those that may be a cause for concern to parents.

Phishing Scams: Phishing is a form of social engineering that attempts to steal sensitive information. An attacker's goal is to compromise systems to obtain usernames, passwords, and other account and/or financial data. They most frequently accomplish phishing attacks via email. The attacker sends crafted emails to people within an organization. The email usually pretends to be from someone trustworthy, like your bank, UPS/FedEx, a credit card company or an airline, or some other site for which you may have login credentials. The email includes a link to an "official" website that is actually a fake site operated by the attacker. Once the user visits the fake site, they may be asked overtly to enter account information such as usernames, passwords, credit card details, social security or bank account numbers. If done correctly, the attack can capture sensitive information without the victim even knowing that they have been compromised. More information can be found at https://www.commoncraft.com/video/phishing-scams

SPORTS PHYSICALS FOR 2017-2018

Sports Physicals will no longer be offered at EHS. All 7th & 8th graders for the 2017-2018 school year who plan to participate in sports at EGMS will need a sports physical. Please contact your health care provider to arrange for your child to get a Sports Physical for next year. **Keep in mind that Sports Physicals for next school year must be dated after May 1, 2017.** Most physician offices will get very busy in late summer so schedule your appointments early. Fall sports will begin the first week of school in August and students are not allowed to participate without having a Sports Physical turned in.

If your student is a 7th grader for 2017/2018 they require a full physical which will cover the Sports Physical requirement.
