Electronic Devices Policy

We understand that cell phones and other electronic devices are a part of today's society. We do, however, discourage these devices at school if at all possible. If your child needs to carry a phone, we ask that it be turned off during school hours and kept secure. Please be mindful that all communication with your child during school hours should be through the office. These devices can be distracting and risk being lost, stolen, or broken here at school. Any electronic device that creates a distraction to the learning environment may be confiscated with the expectation that it will be returned to a parent rather than the student.

Holiday Hurrah Thank You From EGMS Staff

The entire EGMS Faculty & Staff would like to take this opportunity to thank all the EGMS families that donated to the Holiday Hurrah project. We appreciate your Hurrah gifts, the delicious lunch from Bravo, and all your warm holiday wishes. We especially want to thank you for all the support given throughout the year.

TECH SAVVY PARENT TIPS

FEBRUARY 2018

SchoolMessenger Alerts

Both the EPS District and each individual building regularly use a parent messaging system called SchoolMessenger to send emails and phone calls to parents, including monthly information about building happenings, as well as school closings.

SchoolMessenger also allows recipients the option to “unsubscribe” from its mailing list; please understand that by “unsubscribing” you are completely removing your email address from ALL lists, including both District and building specific emails.

If you have previously unsubscribed and would like to begin receiving emails again, please let your building secretary know.

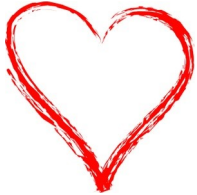

Elkhorn Public Schools Policy 507.13—Internet Safety Policy was written in compliance with the Children’s Internet Protection Act. Tech Savvy Parent tips are intended to inform and educate parents of technology that may be available to their students. Tips may feature apps that are educational as well as those that may be a cause for concern to parents.

Parents of Current 7th & 8th Grade Students

In recent years we have heard from parents that students are spending more and more time at home doing school work with their family computers. As part of the EPS 5-Year Instructional Technology Plan approved by the school board in October 2016, next year’s 8th grade students (current 7th grade students) will receive an individual Chromebook for educational use next fall. In addition, all high school students will also be receiving a Chromebook next fall. Therefore, current 8th grade students will receive an individual Chromebook for educational use when they transition to 9th grade.

Please note, current 8th grade students will receive a different Chromebook than the one they used during the 17-18 school year.

The district is finding that much of our educational content requires access to technology, and Chromebooks allow us a cost-effective way to assure that students have this access when it is needed. As part of this initiative, parents of 2018-19 eighth and ninth grade students are encouraged to attend an orientation either during Back to School 101 or Open House in August. The exact dates for these orientations are not yet set, but the district wanted to begin communication with parents of current 7th-11th grade students. We are very excited about providing a computing device for these students next school year.
