

HOW ZERO'S CRASH YOUR GRADE IN A CLASS:

Student #1:

The following is a student's daily work with no missing assignments.

Assignment 1	91%
Assignment 2	82%
Assignment 3	65%
Assignment 4	74%
Assignment 5	72%

Total Points 384 divided by 5 assignments = 78.5% Average
This is a low "3".

Student #2:

The following is another student's daily work with one missing assignment:

Assignment 1	91%
Assignment 2	82%
Assignment 3	0%
Assignment 4	74%
Assignment 5	72%

Total Points 319 divided by 5 assignments = 63.8% Average
This is a "5"!

Lesson to be learned: Turn your assignments in ON TIME! Missing work adds up and can crash your grade faster than anything.
