# GENERAL INFORMATION

## COMMUNICATION

Our middle schools are open to parents AT ANY TIME during the school day. We do ask that you call to arrange an appointment when you wish to observe classes and that you check in at the office as soon as you enter the building. For further convenience to you, if you would like to meet privately with any faculty or staff member, please call and arrange for an appointment. Established opportunities for parental contact and communications include

- a monthly newsletter sent to each middle school parent between September and May
- a major academic communication every quarter (progress reports and report cards)
- one parent/teacher conference each semester, and individual parent conferences as requested
- a parent communication group meeting once a month

## THE SCHOOL DAY

School will be in session from 8:10 A.M. until 3:20 P.M. daily. Building hours for students are 7:45 A.M. to 3:45 P.M. Supervision is not provided outside of these hours. Students need to be out of the building by 3:30 P.M. unless they are involved in a school activity or meeting with a teacher.

## PASSING BETWEEN CLASSES

In between each class, students will have at least three minutes to move to their next class. Students will have adequate time to use the restrooms or get a drink during passing periods. Unless an emergency develops, students will remain in class once the class has begun.

## BOOKS

All books checked out to students are the property of the Elkhorn Public Schools. These materials are LOANED for student use and are expected to be returned so that they may be loaned out again the following year. Each will be responsible for **that** book being returned in usable condition for the following year. If the original book is not returned it will require the student to either find the original book or PAY THE CURRENT, FULL REPLACEMENT COST. Books damaged beyond repair, lost, or stolen **are the full responsibility of the student to whom it was checked out.** Students may repair any damages with no fines assessed if the book has been adequately repaired and is able to be used the following year. Due to our concerns regarding safety, and damage to books, no book bags will be allowed in classrooms.

## LOCKERS

The school loans lockers to each student as an area to keep coats, books, and other items that are needed for school. Students are responsible for securing their possessions in their locker and not making the combination public. Students will have access to their lockers during each passing period. Lockers will be issued at the beginning of the school year; no stickers or writing are allowed either inside or outside the locker. School lockers are the exclusive property of the District. School lockers may be opened or searched by certified staff members without notice and without student consent. Students, students' possessions including, but not limited to purses, bags, and automobiles, may be searched whenever there is a reasonable suspicion that the student possesses any illegal substance or object which is in violation of law or District Policy, or which could cause bodily harm or damage to property. The refusal of a student to consent or submit to a reasonable search and/or to surrender objects or substances found as a result of such search may be grounds for discipline. As part of the district's effort to keep the middle school safe and free from illegal drugs, the Middle School Principal may authorize the use of law enforcement drug detection dogs to search school lockers and cars parked in the school parking lot.

## VALUABLES

Any valuables brought to school are the risk of the owner. Students assume FULL RESPONSIBILITY for any book, equipment, supplies, or materials that have been checked out to them and any personal valuables that are brought to school.

## **LOST AND FOUND**

The office maintains a “Lost & Found” box. Any found articles are to be turned in to the office. Articles not claimed are turned over to a charitable organization.

## **FOOD/GUM**

No candy is to be brought to school during the school day. Food and treats are not to be shared with other students. The exception is candy that is eaten at lunch or that may be brought as treats for a teacher-sponsored activity. The permission of gum use will be at teacher discretion. Sunflower seeds will not be allowed in the building at any time.

## **LUNCH**

Parents/guardians are asked not to bring in lunches from outside vendors to students or groups of students unless cleared through the principal’s office. Food and drinks are not to be shared with other students. Students will be able to leave the building for lunch only with their parent/guardian.

### Meal Charge Policy

It is the policy of the District to comply with the National School Lunch Program and School Breakfast Program and all other federal grant programs that provide free or reduced meals to qualifying students. Free and/or reduced lunch application forms are available in the office. Free and/or reduced lunches are non-transferable and must be used by the students to whom they were assigned. The District will ensure that families can check their meal account balances in a manner other than exclusively online. The District will ensure that at least one form of meal account payment is free of charge. Students are assigned a Personal Identification Number (PIN) to use as they purchase their lunch. The amount of the purchase is automatically deducted from the account. Full price lunches may also be bought daily with cash. Students in grades 6-12 will not be allowed to charge. A student may go negative for one day, as long as they have a positive balance in their account before their transaction. Any questions regarding the management of this system should be directed to the school office. Unpaid meal charges may be carried over at the end of the school year as a delinquent debt and the District shall undertake reasonable collection efforts to collect unpaid meal charges classified as delinquent debt, pursuant to and in compliance with state and federal law. The District shall maintain records of its collection efforts and, once delinquent meal charges are converted to bad debt, its documentation establishing the handling of the bad debt.

### Student Eligibility

Families of students who may be eligible for free or reduced price school meals should submit an application to determine their eligibility. Applications are available through the Superintendent or Superintendent’s designee. As long as an application is submitted on or after July 1, the application will be considered current for the new school year. A student may become eligible for free or reduced meals at any time during the school year if the household experiences a change in financial circumstances. The District encourages families to pre-pay without charge for free or reduced price meals. Notwithstanding the option to pre-pay, students and families will have a method to add funds during the school day. Any balance remaining in a pre-paid account shall carry over into the next month. Households approved for free or reduced price meals with funds remaining in their meal account at the end of the school year may request a refund or funds will carry over to the next school year. When a student leaves the District or graduates, the District shall attempt to contact the student’s household to return any funds remaining in the student’s meal account.

### Student Confidentiality

The District will disclose individual student eligibility information only to those persons (and organizations) who require the information in order to carry out an activity specifically authorized by the National School Lunch Act, subject to applicable legal exceptions.

The District shall not use or implement any colored or coded meal cards, tickets, tokens, or other methods of payment that would overtly identify a student as being eligible for free or reduced price meals.

This policy shall be provided in writing to all students' households at the start of each school year and to households transferring to the District during the school year. This policy shall also be provided annually to District staff members responsible for the enforcement of this policy, including food service professionals.

The Superintendent or the Superintendent's designee shall maintain documentation of the annual distribution of this policy to students' households and District staff.

#### **MEDIA CENTER**

The Media Center, or Discovery Center, is provided for students to obtain reference or research materials and to check out books for pleasure reading. It is intended to be a quiet area where students will be able to work without being disturbed. This will be enforced throughout the year. The Media Center will be open from 8:00 A.M. until 3:40 P.M. This gives the student the opportunity to use the resources before and after school. Procedures for checking out materials will be provided and will determine what materials will remain in the Media Center and what may be checked out. Fines will be charged at a rate of \$.10 per day on any overdue books and back issues of magazines. A \$1.00 fine will be charged for the late return of reference and reserve books. No book bags or trappers will be allowed in the Media Center. Books not returned and/or fines not cleared will result in the loss of checking out privileges. Students are responsible for materials checked out and will be required to pay for any lost or damaged items.

#### **FIRE DRILLS**

Fire Drills will be held periodically to comply with the state regulations. These drills are held to familiarize students with exit routes from the building in case of fire or other emergency.

#### **TORNADO DRILLS**

Tornado drills will be conducted to familiarize students with the safety procedures used in the event of a tornado.

#### **COUNSELING SERVICES**

A Counselor will be available for students to discuss personal/social concerns; educational or academic problems; and any other concerns that students may have. Any testing services or placement services are provided through the counselor's office. Counselors will provide time for small groups to discuss common concerns and will be available each day for individual needs. To set up an appointment, it will be necessary to see the counselor(s) before or after school or between classes.

Parents/guardians will be informed of the counseling programs available to their sons or daughters. In some situations, parental permission will be requested by the school for a student to participate in some of these programs.

## DRESS

The Middle School dress code has been one of common sense, parental approval, and personal pride. The following clothing or types of dress are PROHIBITED:

1. Dress which causes or has the potential to cause either a substantial disruption or material interference with the educational process.
2. Clothing which is too short, too tight, too revealing, or too bare as to be immodest. Clothing that bares the back/midriff or allows undergarments to be seen will not be allowed.
3. Dress which contains vulgar or offensive words or symbols or is sexually explicit, indecent, or lewd. Dress which reflects lack of sensitivity or respect for others is unacceptable.
4. Dress which promotes, advocates, or advances the use of alcohol, tobacco, or illegal drugs, including clothing which displays the logo or trademark of any brand(s) of alcohol, tobacco, or illegal drugs.
5. Sagging pants are not appropriate for school. Pants should be worn so that undergarments are not higher than the pants. The length of shirt worn to cover up the undergarments is not relevant.
6. Any gang-related symbol worn, written, carried, displayed, or communicated will not be tolerated (i.e., hats, caps, coats, sagging pants, bandannas, pagers, and/or handkerchiefs).
7. Hats, hoods, and sunglasses may be worn to school, **but not in the building.**
8. Any items which would detract from the educational environment will not be acceptable.

Dress code violations will be addressed with students by counselors or administrators. Parents will be notified of a dress code infraction and be asked to supply the appropriate clothing for the student immediately. If parents/guardians cannot supply appropriate clothing, the student will be given clothing to wear that day. Continuous violations will result in disciplinary action, which may include but is not limited to, parent conferences, detentions, Saturday School, or suspension. Final authority to deal with improper dress will rest with the Administration.

## PERSONAL TRANSPORTATION

For the safety of all parties, students are discouraged from riding skateboards, scooters, bikes, etc. around on school property. Elkhorn Public Schools does not accept responsibility for any personal injuries, theft, or damages a person may acquire when riding on school grounds. Any person causing damage to school property by use of skateboards or other means will be held responsible and will face appropriate consequences.

## **ELECTRONIC DEVICES/CELL PHONES**

Students are encouraged to bring only educational instruments to school. All electronic devices, including **cell phones, iPods, smartwatches, headphones/earpods, etc.** have the potential to be a distraction to the learning environment and increases the chances of theft for which the school cannot be held responsible. All electronic devices are to be turned off during school hours and should remain in a locker. Approval of such devices will be very limited with clear expectations and boundaries being explained to the students. Any violation of this policy will result in the electronic device in question being taken from the student. A general guideline for disciplinary action will be as follows:

- **First Offense:** Device may be taken from student and given to the office. Device may be returned to the student at the end of the day.
- **Second Offense:** Device may be taken from the student and given to the office. Device will be returned to parent/guardian.

## **SOCIAL MEDIA**

Students and activity participants are reminded that anytime information is shared electronically, it is **no longer private information**. Examples may include, but are not limited to Facebook, Twitter, SnapChat, Instagram, email, texts, and any/all other electronic communication. Students are thus notified that the school administration, while possibly not initially involved securing information in the sharing of electronic information, may follow up with an investigation and follow normal procedures if a possible school violation and/or activity suspension is involved.

## **VISITORS TO SCHOOL**

To minimize disruption to the learning process and to ensure the safety of students and staff members, all visitors to the schools shall comply with the following guidelines:

1. All visitors shall report to the main office immediately upon entering the building, sign in, and wear a visitor's badge.

3. No solicitors will be allowed to contact teachers or students during the school day unless it is part of an approved school program.
4. No minors will be allowed to visit unless approved by the administration at least one day in advance.

# ACADEMIC COMMUNICATION

## HOMework/STUDENT ACHIEVEMENT

As students progress through middle school, their academic requirements will increase and the level of difficulty of the class work and amount of homework will also increase. It will be the student's responsibility to meet with the teachers when extra help is needed. Students who are earning a failing grade, or have not completed an assignment, could be assigned time before or after school or on Saturdays. Parents will be contacted as needed. Every effort will be made to assure academic success.

## GRADING

Grades from the Middle School represent achievement and will help to determine which classes students will be eligible for in Senior High. As daily grades are taken in class, regular attendance is essential to maintain academic success. **ALL** subject areas will use a numeric grading system. The grading scale used is as follows:

1 = 93 - 100	
2 = 85 - 92	IN = work incomplete
3 = 78 - 84	P = Pass
4 = 70 - 77	F = Fail
5 = 0 - 69	

## HONOR ROLL

Students will qualify for Honor Roll by receiving all 1's and 2's **in all subject areas**. The Honor Roll will be posted on the bulletin board at school and published in the area newspaper.

## PROGRESS REPORTS

The school will send progress reports by US Mail mid 1<sup>st</sup> quarter and mid 3<sup>rd</sup> quarter. Parents will be notified by email to check powerschool for 2<sup>nd</sup> and 4<sup>th</sup> quarters. 3<sup>rd</sup> quarter progress reports will be distributed at Parent Teacher conferences. Students with a "4" or "5" on their progress report will also get a progress report by mail. Concerns regarding student progress can be clarified by the teacher, counselor, or administrator.

## POWERSCHOOL

Parents have the ability to view their child's academic progress through the internet. Parents can request a username and password for each child that would allow them to track homework completion and current grade status. Once this request is made, parents are required to come to school to pick up this confidential information. **Due to privacy issues, usernames and passwords will not be mailed, sent home with students, or emailed.** A personal visit to the school is necessary. Teachers will follow district expectations and have Power School information updated every 2 weeks.

The student also analyzes his or her strengths and weaknesses and reflects upon the educational consequences of choices made. Parents can then meet individually with the student's teachers. Together, the student, teachers and parents determine what each will do to help the student move closer to the student's educational goals.

## PHYSICAL REQUIREMENTS

A physical examination by a licensed physician, physician’s assistant, or nurse practitioner in previous six months before starting school is required for all seventh graders. A physical exam and a vision exam are mandatory for students in all grades who enroll from out of the state. The physical/vision examination requirements may be waived if the parent or guardian objects in writing and the objection is on file at the school prior to enrollment.

## ILLNESS/ACCIDENTS

In case of an illness or accident at school, the office will provide first aid or allow the student to rest in the nurse's office. If the accident or illness is more serious, the parent will be contacted first and, if not available, the emergency contact listed on student enrollment card will be called to pick up the student. **NO STUDENT** will be dismissed from school without a parent or other contact being notified first. In the event of a serious accident or illness, the Rescue Squad may be called in. The office will always attempt to contact the parent first in these situations. If not available and the emergency contact is not available, the child may be taken to the hospital by the Squad. For these situations, it is important to fill out the student enrollment card at the beginning of each school year and to update the information as necessary.

## ASTHMA / SYSTEMIC ALLERGIC REACTIONS

The Elkhorn Public Schools, as required by NDE Rule 59, has implemented a school policy (507.04) that provides a protocol to follow by school personnel to administer injectable epinephrine (EpiPen) followed by albuterol (by way of a nebulizer) to a student when it is determined that the student is suffering a life-threatening asthma or systemic allergic reaction while school is in session. If after reviewing the protocol, a parent/guardian does not wish to have their child receive the medication from an EpiPen or the albuterol by school personnel under the Asthma/Systemic Allergic Reactions Protocol, then the parent/guardian shall file a waiver stating such. Waivers are available from the office of the principal. Copies of the protocol are available from the nurse. Go to <http://www.airenebraska.org/> for more information.

## MEDICATION

When a student must take a prescribed or over-the-counter medication during the hours the student is in school, it is the responsibility of the parent or guardian to provide current, non-expired medication and complete the Medication Authorization Form. The district has the right to limit quantities of medications that can be brought to school at one time. Please limit medication to a maximum 30 day supply.

The following procedure shall be followed:

1. A physician shall provide signed written orders with the name of the drug, dose, route of administration, time interval when the medication is to be taken, and diagnosis or reason the medication is needed.
2. The parent or guardian shall provide a signed written request that the school district comply with the physician's order.
3. All medications shall be brought to school in the original container. If medication is a prescription, the label must have doctor/pharmacy label indicating student's name, medication, route of administration, dose, time to be given, and prescribing doctor's name. If a prescription changes, the medication label must reflect those changes, and the medication authorization must be updated.
4. Medications will be stored in the health office.
5. The principal will designate school personnel authorized to administer medication during the school day.
6. The self-carry medication form must be completed if it is medically necessary that students carry medication on their person.

## ATTENDANCE AND ABSENCES

### ATTENDANCE

Elkhorn Public Schools complies with the Nebraska Compulsory Education Law (SEC. 79-201 of the Nebraska School Laws). Regular, daily attendance at school is the responsibility of each student and his/her parents/guardians. An absence will be reported as either an excused or an unexcused absence.

1. **Excused Absence:** Absences should be cleared through the Principal's office in advance whenever possible. An absence or tardy, even with parental approval, may not be excused. All absences, except for illness and/or death in the family, require advance approval. The Principal shall have the discretion to deny approval for excused absences depending on circumstances such as the student's number of other absences, the student's academic status, the tests or other projects which may be missed, and in the case of a family trip, whether the trip could be taken during non-school time.
2. **Unexcused Absence:** An absence that is not excused is unexcused.

### ABSENCE FROM SCHOOL

Please contact the school office when your child will be absent. Send a note with your child on his/her return if a parent contact was not made. If the school is not contacted regarding the student's absence, the student will receive an unexcused absence. District policy states that "excessive absenteeism" shall be defined as absences (excused or unexcused) exceeding five (5) days per quarter or twenty (20) days per school year. Parents will be notified via U.S. Mail when a student has missed five, ten, and fifteen days. The Douglas County Attorney will be notified when a student exceeds 20 days absent. Parents are encouraged to consult the district calendar for scheduled vacation dates. There is no substitute for regular attendance, and many classroom experiences cannot be successfully replicated and/or made up by the student who misses. Students will have the number of days missed plus one day to complete missing work. For example: a student missing two days will have three days to make up work. In any situation where excessive absences occur, the parent/guardian may be requested to have a conference with the principal, counselor, and teacher(s). Excessive absences and failing grades may be cause for retention in that grade level. Parents/guardians shall be notified in writing of the possibility of retention before a student is retained.

Students who have been excessively absent may be asked for a doctor's verification of the full absence(s). This verification **must** indicate that the doctor is recommending that the student be at home. Verification of an office visit, a prescription, or a diagnosis of the illness may not be sufficient. Students participating in any school-sponsored extracurricular activity that afternoon or evening must be in attendance at school that day for at least one-half of the day **in the afternoon**. Exceptions may be made for unforeseen circumstances or **previously** scheduled medical appointments.

## **TARDY TO SCHOOL OR CLASS**

Students are expected to arrive on time for school each day. Students who are repeatedly tardy to school will be referred to the administration. Students tardy to class(es) interrupt the lesson or discussion and generally cause a minor disruption by entering late. If the tardies become excessive, the situation will be referred to the office. A student is tardy if he/she is not in the classroom when the bell rings.

## **TRUANCY**

Students truant from school, or who leave the building without permission, may receive detentions, in-school suspension, or a combination of the above, or other interventions depending upon the length of time missed, frequency of the problem, and circumstances surrounding the truancy. A student who is truant will be given the opportunity to complete class work and examinations missed. Teachers have the authority to allow the student only 75% of grade earned during the period of truancy.

## **EXTENDED ABSENCE GUIDELINES**

Special circumstances are usually thought of as unplanned circumstances such as a family disruption/death etc. Special circumstances may also mean a pre-planned, pre-scheduled absence of 9 or more days in a semester for a positive, career-leading or unique educational-related opportunity. This type of special circumstance would require a meeting with the building principal, or designee, parents, and student. The value of the special opportunity and the possible school impact (missing labs, diminished conceptual understanding, etc.) would be presented at this meeting. The principal would then meet with teachers and decide which classes could and which classes could not be handled with the absences requested. A contract may be drawn up with specified deadlines for providing work and work completion and may require student/parent/principal signatures.

## **PLANNED ABSENCES**

It may become necessary for a student to be absent due to family plans, hospitalization, or other legitimate reasons. Should this situation arise, (1) the student must get a release in the office; (2) either have his/her parents/guardians call or write a note to verify the absence; and (3) have all arrangements made with each teacher **BEFORE LEAVING**.

## **LEAVING DURING SCHOOL HOURS**

Any student who needs to leave school during the day for an appointment or because of illness **must check out with the office before leaving**. No student will be dismissed unless one of the following has occurred:

1. Parents/guardians have contacted the school and arranged for the dismissal (by phone or note).
2. The office has contacted the parents/guardians to arrange for the dismissal (in the case of illness).

**No student** is to leave school (or school grounds) after arriving at school unless they have checked into the office before leaving. Students are to eat lunch at school unless they are picked up by their **OWN** parent. The lunch period is **30** minutes for all students.

## **REQUESTING HOMEWORK ASSIGNMENTS**

In the case of a student absence, the following options are available:

1. Students/Parents can access homework assignments on the Homework Calendar via the building website.
2. Student or parent can request homework by emailing the teachers of the absent student.

## **BAD WEATHER POLICY**

1. If weather conditions exist that would jeopardize the safety of students coming into school, school will be either canceled for the entire day or will start at a later time.
2. If bad weather conditions develop after students are in school, a decision will be made as early as possible to dismiss school for the remainder of the day.

If either of these situations occurs, announcements will be made on local radio and television stations. If school is to be canceled all day, the announcements will begin on those stations at approximately 6:30 A.M. Early dismissals will be announced as soon as the Superintendent has made the decision. Information as to school cancellations will also be communicated through the district's automated phone system.

# STANDARDS OF STUDENT CONDUCT

## BEHAVIOR

One of the most noticeable characteristics of any school is the behavior of its students. The impression that is left with parents, guest speakers, or others as they leave our building will be determined very largely by student conduct.

## DISCIPLINE

A goal of the Middle School will be to develop self-direction and responsibility in each of the students. Discipline can be defined in two ways: it can be the acceptance and following of rules and policies, or it can be the correction of unacceptable behavior. Disciplinary action will be administered in relation to the incident. **ALL** disciplinary action is administered to serve two purposes:

1. Serve to teach that there are consequences for disruptive or inappropriate behavior.
2. Serve as a vehicle through which appropriate behavior is taught and to deter repeated behaviors.

Teachers will have the right and the responsibility to set rules for their individual classes in order to conduct a classroom where all students will have the same opportunity to learn. Teams and administrators will consider additional consequences when individual students have excessive or repeated misbehaviors.

## NOTICE OF NONDISCRIMINATION

In accordance with Nebraska State Law Section 79-4, 176 paragraph (3) which states in part: "Rules and Standards which form the basis for discipline shall be distributed to students and parents at the beginning of each school year or at the time of enrollment . . ." and pursuant to P.L. 101-226 which states that parents/guardians and students be notified that this school district absolutely prohibits the unlawful possession, use, or distribution of illicit drugs, alcohol, tobacco on school premises or as a part of school activities.

## DISCIPLINE CODE

### I. GUIDELINES

The following rules and regulations are designed to establish order and to protect all members of the educational community in the exercise of their rights and responsibilities on school grounds or during an educational event or function off the school grounds. These statements are outlined for uniform understanding of the practices and procedures used in the Elkhorn Public Schools.

- A) The Superintendent of Schools delegates the responsibility for maintaining discipline in the schools and the administration of appropriate corrective measures to building principals (designees) within the guidelines of Board Policy, Administration Regulation, and the Laws and Constitution of the State of Nebraska and the United States. All administrators, teachers, and support staff members have the authority and responsibility to supervise or discipline at all times during the school day, in school vehicles, or at activities in which the school is participating.
- B) Areas of Prohibited Student Conduct--Any conduct which causes or which creates a reasonable likelihood that it will cause a substantial disruption in, or material inference with any school function, activity or purpose, or that interferes or creates a reasonable likelihood that it will interfere with the health, safety or well-being or the rights of themselves or others is prohibited.
- C) The sanctions and enforcement of Elkhorn Public School rules and standards shall be based on Nebraska Statutes, The Student Discipline Act, Neb. Rev. Statute 79-4.171 (as amended) and Federal Gun-Free Schools Act. Administrative and teaching personnel may take other disciplinary actions regarding student behavior when deemed reasonably necessary to aid the student, further school purposes, or to prevent interference with the educational process, which may include but are not limited to counseling, parent conferences, rearrangement of schedules, requirements that a student remain in school after regular hours to do additional work, detentions, restriction of extracurricular activity, or requirements that a student receive counseling, in-school suspension, out-of-school suspension, and expulsion.

1. First referral: warning given
2. Second referral: office detention assigned
3. Third referral: 2-3 day bus suspension
4. Fourth referral: 2-3 week bus suspension

Additional referrals will result in the potential of bus suspensions for the remainder of the year.

#### D) DRUGS, TOBACCO, NICOTINE, ALCOHOL, VAPING

The use of illicit drugs and the unlawful possession or use of alcohol or tobacco by students is wrong and harmful. The decisions would be made after the principal or designee has investigated the facts, given the student oral or written notice of the charges against him/her, and provided an opportunity for the student to present his/her version. A complete copy of due process procedures is available upon request from the building principal. See Disciplinary Action section below.

# DISCIPLINARY ACTIONS

## DETENTION

The detention will be used as a corrective disciplinary action and can be assigned by teachers or administrators. Teachers will attempt to work privately with the student to correct disruptive behavior or other violations of classroom policies. **ALL** detentions will follow these procedures.

1. Detentions will be either 20 minutes or 40 minutes in length and will be served either the day assigned or the next consecutive day.
2. Failure to report for detention by the assigned date will cause the detention to be doubled.
3. Parents will be contacted when detentions are assigned.
4. When serving a teacher detention the student must report to the person who assigned the detention. This individual will verify that the detention was served.
5. Detentions assigned by the office will be served beginning at 3:20 P.M. and lasting until 4:00 P.M. The full detention will be served at one time. When serving an office detention, the student must report to the Media Center at 3:20 P.M.

## SATURDAY SCHOOL

## IN-SCHOOL SUSPENSION

The In-School Suspension room is an unused office, conference room, or classroom in which students are placed until he/she can return to class without being disruptive, or to serve a specified period of time for a severe disciplinary action. The student is given permission to work in the room, with only school materials allowed (full credit will be given). The student will be escorted to the restroom, lunch will be eaten in the room, and the student will remain isolated from fellow students as long as he/she is assigned to In-School Suspension. The time frame for In-School Suspension will start at 8:10 A.M. and will conclude at 4:00 P.M., unless otherwise arranged.

## SHORT-TERM OUT OF SCHOOL SUSPENSION

Such short-term suspension shall be made only after the administrator has made an investigation of the alleged conduct or violation and determined that such suspension is necessary to help any student to further school purposes or to prevent an interference with school purposes. Before such short-term suspension shall take effect, the student shall be given oral or written notice of the charges against him/her and an explanation of the evidence the authorities have. He/she shall have an opportunity to present his/her version of the incident. The administrator shall, as soon as is reasonably possible following the suspension, send a written statement to the student and the student's parents or guardian describing the student's conduct, misconduct, or violation and the reason for the action taken. The administrator shall make a reasonable effort to hold a conference with the parents or guardian before or at the time the student returns to school.

Any student may be excluded from school under the following circumstances:

1. If the student has a dangerous communicable disease transmittable through normal school contacts and poses an imminent threat to the health and safety of the school community.
2. If the student's conduct presents a clear threat to the physical safety of himself, herself, or others, or is so extremely disruptive as to make temporary removal necessary to preserve the rights of other students to pursue an education.

Exclusions from school shall not last longer than necessary to avoid the dangers hereinbefore described. Procedures for short-term suspension shall be followed, and, if longer than five (5) school days, procedures for long-term suspension or expulsion shall be substantially followed subject to being modified to the extent necessary to accomplish the hearing and determination within ten (10) school days after the date of the initial exclusion.

## **LONG-TERM SUSPENSION, EXPULSION, AND MANDATORY REASSIGNMENT**

1. Long-Term Suspension shall mean the exclusion of a student from attendance in all schools in this district for a period exceeding five school days but less than twenty school days.
2. Expulsion shall mean exclusion from attendance in all schools within the system for a period of time not to exceed the remainder of the semester, in which case the expulsion shall remain in effect through the second semester, or within ten (10) school days prior to the end of the second semester, in which case the expulsion shall remain in effect for summer school and the first semester of the following school year. Such action may be modified or terminated by the school district at any time during the expulsion period. In addition, the following shall apply to any expulsion: In the case of a student bringing a weapon to school in violation of the Federal Gun-Free Schools Act, such student shall be expelled from school for a period of not less than one year. Said expulsion may be reduced by the Superintendent on a case-by-case basis and to be in compliance with state law. Any expulsion that will remain in effect during the first semester of the following school year shall be automatically scheduled for review before the beginning of the school year. The review shall be conducted by the hearing examiner after the hearing examiner has given notice of the review to the student and the student's parent or guardian. This review shall be limited to newly discovered evidence or evidence of changes in the student's circumstances occurring since the original hearing. This review may lead to a recommendation by hearing examiner that the student be readmitted for the upcoming school year. If the Board of Education or a committee of such Board took the final action to expel the student, the student may be readmitted only by action of the Board. Otherwise, the student may be readmitted by action of the superintendent, 79-4, 196.
3. Mandatory reassignment shall mean the involuntary transfer of a student to another school in connection with any disciplinary action.

Procedures to be followed if administrator makes a decision to discipline student by long-term suspension, expulsion or mandatory reassignment:

1. On the date of the decision, a written charge and a summary of the evidence supporting such charge shall be filed with the Superintendent. The school shall, within two school days of the decision, send a written notice by registered or certified mail or personal delivery to the student and the student's parent or guardian, informing them of the rights established under this act.
2. Such written notice shall include the following:
  - a. The rule or standard of conduct allegedly violated and the acts of the student alleged to constitute a cause for long-term suspension, expulsion, or mandatory reassignment, including a summary of the evidence to be presented against the student.
  - b. The penalty, if any, which the principal has recommended in the charge, and any other penalty to which the student may be subject.
  - c. A statement that the student shall have a right to a hearing, upon request on the specified charges, before long-term suspension, expulsion, or mandatory reassignment, for disciplinary purposes can be invoked.
  - d. Description of hearing procedures provided by this act, along with procedures for appealing any decision rendered at hearing.
  - e. A statement that the principal, legal counsel for the school, the student, the student's parents or the student's representative or guardian shall have the right (1) to examine the student's academic and disciplinary records and any affidavits to be used at the hearing concerning the alleged misconduct, and the right (2) to know the identity of the witnesses to appear at the hearing and the substance of their testimony.
  - f. A form on which the student, student's parents, or guardian may request a hearing to be signed by such parties and delivered to the principal or Superintendent in person or by registered or certified mail.
  - g. Nothing in this shall preclude the student's parents, guardian or representative from discussing and settling the matter with appropriate school personnel prior to the hearing stage. If a hearing is requested within five days of the receipt of the written notice by the student, the student's parents or guardian as described in these rules and regulations, the Superintendent shall appoint a hearing examiner and all of the provisions of the Nebraska statutes which relate to such a hearing shall be adhered to. (See Section 79-4,170 to 79- 4,205, R.R.S., et seq.)

Extended Suspensions if the principal determined that the student must be suspended immediately to prevent or substantially reduce the risk of interference with an educational function or school purpose or a personal injury to the student himself or herself, other students, school employees or school volunteers, and a notice of intent to discipline the student by long-term suspension, expulsion, or mandatory reassignment is filed with the Superintendent, the student may be suspended by the principal until the date the long-term suspension, expulsion or mandatory reassignment takes effect if no hearing is requested, or if a hearing is requested, the date the hearing examiner makes the report of his or her findings and a recommendation of the action to be taken is made by the Superintendent.

#### **OTHER DISCIPLINARY ACTION**

Administrative and teaching personnel may take other disciplinary actions regarding student behavior when deemed reasonably necessary to aid the student, further school purposes, or to prevent interference with the educational process, which may include, but are not limited to counseling, parent conferences, rearrangement of schedules, requirements that a student remain in school after regular hours to do additional work, detentions, restriction of extracurricular activity, or requirements that a student receive counseling, etc.

#### **ALTERNATIVE SCHOOL PROGRAM**

Effective July 1, 1997, the Elkhorn Public Schools shall provide an alternative education program for students who have been expelled under the EPS Discipline code. This program will enable the student to continue academic work for credit and also include the standard of behavior and cooperation required of the student to complete the alternative education program. If the student fails to meet any of the conditions of the alternative education program, the district may, without further obligation, terminate the program after a due process hearing, as required in statutory provisions for suspension and expulsion of students, unless waived by the parent or guardian.

The expelled student will be provided the opportunity to complete a program of study. This could be a program generated by the school district, or an arrangement for correspondence courses in English and /or math through a university. Elkhorn Public Schools will select and define the program for an individual expelled student. If the parent/guardian should refuse to participate, the district has no further obligation with regard to provision of an alternative program. Any costs associated with the program may be assigned to the parent/guardian and then reimbursed if the program is satisfactorily completed by the student. The student may receive semester credit (as applicable) upon successful completion of the program as identified and explained to the student and parent/guardian prior to the beginning of the program. The building principal or designee will be the program coordinator.

# ACTIVITIES AND CODE OF CONDUCT

The athletic and activity programs function on an extracurricular basis, and therefore student participation is completely voluntary. It is imperative that quality standards of conduct, dress, grooming, and training are established as a part of the activity program. Students should refer to the activities/athletic handbook for a thorough explanation of standard codes and violations.

1. **Conduct:** As representatives of Elkhorn Public Schools, participants are expected to conduct themselves in a manner which exemplifies good sportsmanship at all home and away contests.
2. **Dress:** Individual coaches may request certain dress on game days.
3. **Training:** Participants are to demonstrate acceptable standards of conduct and training at all times. These standards of conduct and training will be maintained in season as well as throughout the school year.

Violations of the standards of conduct shall result in **additional** sanctions as set forth below. First, second, and third-offense minimum penalties are listed below and will be enforced if a participant has violated the standard of possession, procurement, use, distribution of alcohol, drugs, tobacco/nicotine (smoking or chewing), look-alike drugs, look-a-like tobacco/nicotine, look-a-like alcoholic beverages, and behavior affecting substances and/or drug paraphernalia. The Elkhorn Public Schools may impose more severe sanctions than the minimums listed below depending on the severity of any violations.

## Sanctions

**FIRST OFFENSE** - Two week suspension and a minimum of one contest missed from interscholastic contests, performances or activities including dances and/or club activities. However, the student may return to competition after a one-week suspension *and a minimum of one contest missed* if a chemical evaluation of the student is completed and verified by school officials.

- *This reduction in penalty is only available once during the student's three years of attendance at the Middle School.*
- Student must continue to attend and participate in all practices during the suspension. If the violation occurs during the "preseason" period of a sport/activity, a minimum penalty of one contest missed/suspended will be enforced.
- Students will not be allowed to miss classroom time for extracurricular performance/contests while under suspension.
- *If the first offense occurs in the off-season, a first offense will be documented and no activity sanction will be enforced at that time. If, however, that student commits a second offense, then sanctions for a second offense will be enforced.*

**SECOND OFFENSE** - Forfeiture of all privileges of activity participation, including practices, for the remainder of the season. In the case of a non-athletic activity, the student will not be allowed to participate in any public performance for the remainder of the season.

**THIRD OFFENSE** - Forfeiture of all privileges of activity participation, including practices, for the rest of the school year.

## SPECIAL NOTE:

Students are reminded that if a suspension from activities occurs due to a violation of the school's participation rules, this means that the student is ineligible for **ALL school activities during this time period.** These are minimum penalties. The coaches have the right of establishing more severe penalties of suspension and other rules for their sport by informing the athletes in writing.

## ATHLETIC PASSES

A student athletic pass allows a student to attend all regular-season sponsored contests. This pass cannot be honored at conference, district, or state contests. There will be a charge if your pass is lost or stolen. Information about parent passes may be obtained from the high school activities office.

# DISTRICT POLICIES AND PROCEDURES

## **SPECIAL EDUCATION PROGRAMS**

Comprehensive special education programs in Elkhorn Public Schools consist of teachers, psychologists, speech pathologists, physical and occupational therapists, educational assistants and instructional specialists serving students with disabilities from birth to age 21. Special Education programs and services are integrated into each school building throughout the District. In the Elkhorn Public Schools, special education is viewed not as a “place” but as specially designed instructional support.

Elkhorn Public Schools supports inclusive practices for children with disabilities. Every effort is made to maintain all students in their neighborhood settings with their age-appropriate peers. The District’s mission statement clearly states that we maintain a focus on the unique needs of all learners. Special education services assist teachers in meeting the unique needs of all learners by providing support to the students and classroom teachers. Creativity in problem solving and collaborative decision making are fundamental in the promotion of inclusive practices.

## **PROMOTION/RETENTION GUIDELINES**

At the middle schools of EPS, every effort will be made to adjust classroom expectations to meet the needs, interests, and abilities of the individual student. Retention will be considered if a student fails two or more core classes for the year (Math, Science, Reading, Language Arts, Social Studies) or if there is evidence that the child will benefit from the retention. When a student is retained, the expectations for that particular child shall be adjusted to meet his/her needs.

Procedures for considering retention:

1. A student will not be retained more than one year during grades 6, 7, or 8.
2. Parents will be notified in writing if child has failed two or more core classes and is considered for possible retention.
3. At the end of third quarter, parent contact will be made. A committee composed of the student’s parents/guardians, teachers, principals, and counselor will present status and progress along with options (promotion, retention, summer school, schedule changes, etc.) If a student qualifies for special services, the IEP team will be convened for this discussion. At the end of the fourth quarter, the committee will meet with parents/guardians to review the school year and discuss options.
4. Factors such as grades, work habits, attendance, school behavior, organizational skills, age, maturity, and skill level may be considered in the discussion of possible retention.
5. The middle school Principal will notify parents/guardians by certified letter of the decision to retain or promote.
6. Parent/guardian consent for the retention is desirable and encouraged. If parents/guardians wish to appeal the retention decision, they must notify the middle school Principal within ten days of the decision. A conference will be arranged between the parent/guardian and school administration. At this time the parent should be prepared to present objections to the retention. After this conference, the parent/guardian will be notified in writing whether or not the retention was upheld. If the parent/guardian is not satisfied with this decision, they may appeal to the Superintendent of Schools and finally to the Board of Education.

## **NONDISCRIMINATORY GRIEVANCE PROCEDURES**

The following procedures are established in order to assist in the fair resolution of student grievances. A grievance hereunder is a claim by a student that a violation of civil rights legislation has occurred (includes Title VI of the Civil Rights Act of 1964, Title IX of the Educational Amendments of 1972, Section 504 of the Rehabilitation Act of 1973 and the Age Discrimination Act of 1975). It is the policy of the Elkhorn Public Schools that a student may not be discriminated against on the basis of sex, race, national origin, marital status, age, or handicap in admission to school; access to enrollment in courses; access to and use of school facilities; counseling and guidance materials, tests and practices; vocational education; physical education; competitive athletics; graduation requirements; treatment as a married and/or pregnant student; and student rules and regulations. Whenever a grievance occurs, the following procedure will be followed and every effort will be made to secure an appropriate resolution as early as possible.

Additional information concerning Elkhorn Public School's policy of nondiscrimination can be obtained from building principals or Don Pechous, Executive Director of Personnel. 20650 Glenn Street, Elkhorn, NE 68022, (402) 289-2579.

## **1. EXPLANATION**

The grievance procedure is not intended to limit the option of the district and a grievant to resolve any grievance mutually and informally. Hearings and conferences under this procedure shall be conducted at a time and place which will afford a fair and equitable opportunity for all persons involved.

The grievance procedure is not required if the grievant prefers other alternatives such as the Office of Civil Rights (OCR) or the courts. Due process shall exist throughout the procedure with the right to 1) representation; 2) present witnesses and evidence; 3) confidentiality; 4) review relevant records; and 5) proceed without harassment and/or retaliation.

A grievance may be filed by an individual grievant or by a parent on behalf of a student grievant, except that no grievance shall be recognized unless it is filed at the appropriate level within ten (10) days after the occurrence of the event which is the subject of the grievance.

Days in this procedure shall refer to days when school is in session. During the summer, vacation days shall refer to Monday thru Friday (excluding federal holidays).

The inclusion of time limits in this procedure is for the purpose of ensuring prompt action. In circumstances where the grievant does not pursue the next step of the procedure within the time period specified, unless there is a mutually agreed extension of time, the grievance shall be deemed to have been settled, and no further action shall be required. In the absence of a written reply to a grievance by the appropriate administrator within the required time period, the grievance shall be considered to have been denied and the grievant may submit the grievance in writing to the next level.

## **2. PROCEDURES**

### **Level One**

A grievant shall, within ten (10) days after the occurrence of the event which is the subject of the grievance, make an appointment with and discuss the matter with his or her principal or immediate supervisor. Every effort will be made to resolve the grievance informally at this level. The principal or immediate supervisor shall give an oral response to the grievant within five (5) days after the initial discussion.

### **Level Two**

In the event the grievant is not satisfied with the disposition of the grievance at Level One, the grievant shall reduce the grievance to writing, sign it, and submit it to the principal or immediate supervisor within five (5) days of the oral response at Level One. A written grievance shall contain a detailed description of the factual circumstances upon which the grievance is based and explanations of how such facts result in civil rights discrimination. The principal or immediate supervisor must submit a written answer within five (5) days after receipt of the written grievance.

### **Level Three**

In the event the grievant is not satisfied with the resolution of the grievance at Level Two, the grievant may submit the written grievance within five (5) days thereafter to the Superintendent. The Superintendent will meet with the parties involved. A complete record of this meeting shall be kept and signed by both parties for possible future reference. The Superintendent will respond to the written grievance within five (5) days of the receipt of the written grievance.

### **Level Four**

In the event the grievant is not satisfied with the disposition of the grievance at Level Three, the grievant may submit the written grievance to the School Board within five (5) days of the receipt of the written response from the Superintendent. The School Board shall consider the grievance at the next regular meeting and issue a written response within five (5) days of the meeting.

## **FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT**

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age (“eligible students”) certain rights with respect to the student’s education records.

These rights are outlined below:

1. The right to inspect and review the student’s education records within 45 days of the day the District receives a request for access. Parents or eligible students should submit to the school principal (or appropriate school official) a written request that identifies the record(s) they wish to inspect.
2. The right to request the amendment of the student’s education records that the parent or eligible student believes are inaccurate or misleading. Parents or eligible students may ask the Elkhorn Public Schools to amend a record that they believe is inaccurate or misleading. They should write the school principal, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. If the District decides not to amend the record as requested by the parent or eligible student, the District will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student by the superintendent or designee when notified of the right to a hearing.
3. The right to consent to disclosures of personally identifiable information contained in the student’s education records, except to the extent that FERPA authorizes disclosure without consent. One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interest. A school official is a person employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the District has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapists); or parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.  
Upon request, the Elkhorn Public Schools discloses education records without consent to officials of another school district in which a student seeks or intends to enroll.
4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by Elkhorn Public Schools, District 10, Douglas County, Nebraska, to comply with the requirements of FERPA.  
The name and address of the office that administers FERPA are:

Family Policy Compliance Office  
U. S. Department of Education  
400 Maryland Avenue S.W.  
Washington, DC 20202-4605

Upon request, Elkhorn Public Schools may disclose directory information about former students.

## **ASBESTOS HAZARD EMERGENCY RESPONSE ACT (AHERA)**

The Institute for Environmental Assessment has been retained by the Elkhorn Public Schools to review and prepare an asbestos management plan identifying the presence of asbestos, if any, within any of the school district buildings. The district implemented its original management plan as of July 9, 1989, and has conducted periodic surveillance of all asbestos materials since that time. This periodic surveillance has been conducted to provide continuous assessment to assure safety conscious management of any asbestos materials in all buildings. The detailed plan and updated information for each building or for the entire district is open to public review and is located in the office of each building. If you have any questions, please contact the District’s Assistant Superintendent at 289-2579.

### **NOTICE CONCERNING STAFF QUALIFICATIONS**

The No Child Left Behind Act of 2001 gives parents the right to get information about the professional qualifications of their child's classroom teacher(s). Upon request, Elkhorn Public Schools will give parents the following information about their child's classroom teacher(s):

1. Whether the teacher has met State qualifications and licensing criteria for the grade levels and subject areas in which the teacher provides instruction.
2. Whether the teacher is teaching under an emergency or provisional teaching certificate.
3. The baccalaureate degree major of the teacher. You may also get information about other graduate certification or degrees held by the teacher, and the field of discipline of the certification or degree.

The District will also, upon request, tell parents whether their child is being provided services by a paraprofessional and, if so, the qualifications of the paraprofessional. The request for information should be made to an administrator in your child's school building. The information will be provided to you in a timely manner. Finally, Elkhorn Public Schools will give timely notice to you if your child has been assigned, or has been taught for four or more consecutive weeks by a teacher who does not meet the requirements of the No Child Left Behind Act.

### **NOTICE CONCERNING DISCLOSURE OF STUDENT RECRUITING INFORMATION**

The No Child Left Behind Act of 2001 requires Elkhorn Public Schools to provide military recruiters and institutions of higher education access to secondary school students' names, addresses, and telephone listings. Parents and secondary students have the right to request that Elkhorn Public Schools not provide this information (i.e., not provide the student's name, address, and telephone listing) to military recruiters or institutions of higher education, without their prior written parental consent. Elkhorn Public Schools will comply with any such request.

# STUDENT FEES AND MATERIALS REQUIREMENTS

## STUDENT FEES

The District authorizes the administration to charge fees to students as provided by the Public Elementary and Secondary Fee Authorization Act (2002). The District's general policy is to provide for the free instruction in school in accordance with the Nebraska Constitution. The District will provide free instruction for courses which are required by state law or regulation and will provide the staff, facility, equipment and materials necessary for such instruction, without charge or fee to the students.

The District does provide activities, programs, and services to students which extend beyond the minimum level of constitutionally required free instruction. Students and their parents have historically contributed to the District's efforts to provide such activities, programs, and services. Such student and parent contributions have included students coming to school with the basic clothing and personal supplies to be successful in the classroom (clothing, shoes, pencils, pens, paper, notebooks, calculators, and the like), students bringing their own or paying the reasonable cost of specialized equipment or supplies for the personal preference or personal retained benefit of students (for example, band equipment, locker deposit or rental fees, shop and art class materials where the student keeps the product, and college tuition or fees for college credit for advanced placement courses or correspondence courses), students providing their own specialized clothing and equipment (including shoes, undergarments and the like), activities pass fees to support the District activities program, and assisting with special programs such as field trips, summer school, school dances and plays. The District's general policy is to continue to encourage and to require, to the extent permitted by law, such student and parent contributions to enhance the educational program provided by the District.

The District will provide fee waivers in accordance with the Public Elementary and Secondary Student Fee Authorization Act. Students who qualify for free or reduced-price lunches under the United States Department of Agriculture child nutrition programs shall be provided a fee waiver or be provided the necessary materials or equipment without charge for (1) participation in extracurricular activities, (2) admission fees and transportation charges for student spectators attending extracurricular activities, (3) materials for course projects, and (4) use of a musical instrument in optional music courses that are not extracurricular activities. Participation in a free or reduced-price lunch program is not required to qualify for the fee waiver.

Guidelines about fees, required materials, and equipment shall be delineated in rule and regulation. The Superintendent shall develop an application form for the fee waiver and the form shall also be delineated in rule and regulation. Waiver forms are available from the Principal or Athletic Director.
