Message from the Principal

It's hard to believe that we have only one month to go before the end of the year. Where does the time go? The next few weeks will be exciting and filled with many activities in the classroom. Our goal for this last month is to keep students on a routine that will maintain a positive learning environment in the classrooms.

Fun Day will be held on Friday, May 21. This is a time to celebrate our year while participating in team activities. Unfortunately, with our current safety and health protocols, parents will not be able to attend. When your child comes home that day, be sure to ask them all about it as this will still be a way to celebrate with them!

Choose KIND, Share A SMILE" was our theme this year at Spring Ridge Elementary. It has been rewarding to work with your students and observe how each individual student has grown over this academic year. They have reached far and high and due to their dedication, the guidance of a teacher, and your continued support, the students have truly met great success!

Sadly, we will be saying farewell to Ms. Vogt, as she becomes one of our District Reading Specialists next year. Ms. Mroczek and her husband welcomed their third child into this world in late December, so she will be staying home next year to be the best mom and teacher for their little ones. Mrs. Dreier, after 45 years of service to the EPS District as a teacher, will be retiring. I am sure you will see her busy as ever "out and about" in our community pursuing interests through Nebraska Medicine as well as promoting a home building business that she and her son have started. Ms. Robb, our Instructional Facilitator, will be hopping into an assistant principal position in Bennington which in a year will turn into a principal position as they open a new elementary. These all have been wonderful staff members and have made significant contributions to Spring Ridge Elementary. We appreciate all that they have done to make Spring Ridge a better school. They will be missed!

Thank you for a great school year! It has been a pleasure working with all of you this year. I have appreciated your dedication and support. Please have a safe and happy summer. See you in August!

Spring Ridge Principal

Important Information Regarding Back to School 101 for 2021

We will be asking families to complete forms online again this year. Therefore, we feel no need to have a Back to School 101. (School pictures will take place on September 10th.) There is information in the District Reminders section of this newsletter regarding setting up an account in Power School as well as adding K-3 students to accounts that you already have for a child in 4th-12th grade. You will receive an email this summer to let you know when the online forms are ready for you to complete as well as how to access your child(ren)'s teacher's name once you have completed the online forms. Please be sure we have an up-to-date email address for you, so you get this communication.

- K-5 Open House and 1st-5th Curriculum Night will be held on Thursday, August 12.

Elementary Climate Survey

Our school benefits from a very supportive community with strong parent involvement. Because continuous improvement is a large part of our mission, we are seeking your input in order to help us ensure strong student achievement and a positive culture that enhances learning for all. Please take a few minutes prior to Friday, May 7, 2021 to follow the link and participate in our school climate survey. If you have any questions please contact the school.

Learning Can Continue in the Summer

Have fun with your child this summer, but don't let learning take a vacation. Here are some things you can do with your children to keep their minds active and to give them good starts in school next fall.

1. Play word games and reading games. Try looking for letters of the alphabet on signs as you drive. Play "I Spy," Scrabble and Pictionary – all help develop vocabulary skills!
2. Read Together. Research shows that the most important way parents can help their children become better readers is by encouraging them to read at home.
3. Visit the library.
4. Develop creative writing skills. Buy a notebook and encourage your child to keep a summer journal – recording one event a week; drawing pictures; inventing some stories. You might "publish" some of these stories by sending them to grandparents or friends.
5. Write letters. If your family goes on vacation this summer, have the children write a letter or email to the departments of tourism in the states that you intend to visit.
6. Learn how things work. Give your child a broken alarm clock or another gadget you were going to throw away. Let them take it apart.
7. Keep household financial records. Before you go shopping, have children read ads and compare costs.
8. Plan outings together.
9. Put on shows. A few yards of cloth, some out of style clothing, and imagination are all it takes to transform your living room or backyard into a theater.
10. Learn a new sport together.
11. Study the weather.
12. Learn to cook!

Although busy parents may find some of the activities difficult, even 15-20 minutes spent each day on joint projects with your children may pay big dividends. Have a happy and educational summer!

Free Summer Breakfast and Lunch Information

EPS has again been approved to offer free breakfast and lunch meals to all children ages 1-18 during the summer.

For students participating EPS Summer School, breakfast meals will be provided daily and grab-and-go lunches will available at the end of each daily school session. Additional meals may be also picked up for siblings not attending Summer School. Additional information will be shared with Summer School families in the coming weeks.

For anyone else interested, multiple days worth of meals will be available for pick up at Elkhorn High School throughout the summer on specific days/times. Additional information will be shared in the coming weeks.

USDA Extends Free Lunch through 2021-2022 School Year

The USDA recently announced that it would extend free school meals through the 2021-2022 school year. As was done for the current school year, all students will receive a free breakfast and lunch meal daily. Additional servings and a la carte options will continue to be available for purchase.

2021-2022 Online Registration Reminder

For the upcoming school year, EPS will again utilize an online registration system that will allow parents of K-12 students to log in and update information and complete all Back-to-School documents. As a reminder, to use this feature, parents/guardians will need to have a parent access account in PowerSchool.

If you do not already have a parent access account, please [follow this link](#) for directions on how to create an account. However, this is a preparation step, and you will not be able to complete the online registration process until July. An email will be sent when online registration is available.

If you have an account created but need to add additional students, please follow this link for directions on doing so: <https://bit.ly/2wDNJuT>.

If you have any questions or need assistance setting up your account, please contact your building secretary.
