### Message from the Principal

It's hard to believe that we have only one month to go before the end of the year. Where does the time go? The next few weeks will be exciting and filled with many activities in the classroom. Our goal for this last month is to keep students on a routine that will maintain a positive learning environment in the classrooms.

Fun Day will be held on Friday, May 20. This is a time to celebrate our year while participating in team activities. **If you plan on having lunch with your child, please fill out the form attached to the newsletter and return it to school by Friday, May 6.** Thank you!

"See the GOOD! Be the LIGHT! Make the DIFFERENCE!" was our theme this year at Spring Ridge Elementary. It has been rewarding to work with your students and observe how each individual student has grown over this academic year. They have reached far and high and due to their dedication, the guidance of a teacher, and your continued support, the students have truly met great success!

Sadly, we will be saying farewell to handful of staff members! Ms. Loftis and Ms. Seyl are both retiring this year. Mrs. Podany will be teaching part-time Jr. Kindergarten at Legacy next year which will free up more time for her to be with her own four children. Ms. Bright is moving to South Carolina after this school year, and Mr. Reilly is heading back home to farm with his dad and brother. Ms. Hampton is pursuing other job opportunities that may give her more flexibility with her schedule. These all have been wonderful staff members and have made significant contributions to Spring Ridge Elementary. We appreciate all that they have done to make Spring Ridge a better school. They will be missed!

Thank you for a great school year! It has been a pleasure working with all of you this year. I have appreciated your dedication and support. Please have a safe and happy summer. See you in August!

We will be asking families to complete forms online again this year.

There is information in the District Reminders section of this newsletter regarding setting up an account in Power School as well as adding K-3 students to accounts that you already have for a child in 4<sup>th</sup>-12<sup>th</sup> grade.

You will receive an email this summer to let you know when the online forms are ready for you to complete as well as how to access your child(ren)'s teacher's name once you have completed the online forms. Please be sure we have an up-to-date email address for you, so you get this communication.

- Kindergarten Curriculum Night will be held  
**Thursday, August 4th at 6 PM.**
- K- Open House and 1<sup>st</sup>-5<sup>th</sup> Curriculum Night will be held on

## Learning Can Continue in the Summer

Have fun with your child this summer, but don't let learning take a vacation. Here are some things you can do with your children to keep their minds active and to give them good starts in school next fall.

1. Play word games and reading games. Try looking for letters of the alphabet on signs as you drive. Play "I Spy," Scrabble and Pictionary – all help develop vocabulary skills!
2. Read Together. Research shows that the most important way parents can help their children become better readers is by encouraging them to read at home.
3. Visit the library.
4. Develop creative writing skills. Buy a notebook and encourage your child to keep a summer journal – recording one event a week; drawing pictures; inventing some stories. You might "publish" some of these stories by sending them to grandparents or friends.
5. Write letters. If your family goes on vacation this summer, have the children write a letter or email to the departments of tourism in the states that you intend to visit.
6. Learn how things work. Give your child a broken alarm clock or another gadget you were going to throw away. Let them take it apart.
7. Keep household financial records. Before you go shopping, have children read ads and compare costs.
8. Plan outings together.
9. Put on shows. A few yards of cloth, some out of style clothing, and imagination are all it takes to transform your living room or backyard into a theater.
10. Learn a new sport together.
11. Study the weather.
12. Learn to cook!

Although busy parents may find some of the activities difficult, even 15-20 minutes spent each day on joint projects with your children may pay big dividends. Have a happy and educational summer!
