### Westridge Elementary Mission Statement:

**In an effort to create life-long learners, the staff at Westridge Elementary School working closely with parents and community strives to realize each child's fullest potential in the areas of personal, social, intellectual, emotional, and physical development.**

Dear Westridge Families,

December is here, and we have started our winter MAP testing. The great thing about testing in December is that we can use the results to make instructional decisions for students right away after the winter break. It is also fun to see all the wonderful progress that students have made since the beginning of the school year.

Winter break will start Wednesday, December 22<sup>nd</sup> and run through January 3<sup>rd</sup>. School will resume on Tuesday, January 4<sup>th</sup>.

Our next PTO meeting will be on Tuesday, January 4<sup>th</sup> at 6:30 PM in the Westridge library.

A few weeks ago, our community friends at Relevant replaced some of the older wood slats on our Gaga pit. Some of the wood pieces were becoming warped, so it was very generous of them to have their members come out over the weekend and repair our pit. We appreciate our partnership with Relevant and all the support that they have provided our school this year.

If you need to report any COVID-19 cases or exposures over the break, please just email me at [rbroshar@epsne.org](mailto:rbroshar@epsne.org). I will be responding to email periodically over the break, so it might take a few days before you receive a response.

I hope all of you have a safe and wonderful holiday season and winter break.

Mr. Broshar  
Principal  
Westridge Elementary

# NOTES FROM THE NURSE...

AMY LAUGHLIN-HARDICK, RN [alaughlinhardick@epsne.org](mailto:alaughlinhardick@epsne.org)

I wanted to say a big THANK YOU to the parents that helped at health screening! I really appreciate your help in getting the students screened quickly and back to class!

I wanted to send some reminders as we head into the winter months. We see an increase in cold, flu and COVID symptoms during these months, it is important to continue to monitor your child on a daily basis for any symptoms. Please keep your child home, until symptom free for 24 hours, if they have a fever of 100\* or greater, vomiting/diarrhea, persistent cough, unknown rashes, pink eye, or in general not feeling well. Thank you parents for what you are doing to prevent the spread of germs at school! Have safe and happy holidays!
